- 
- Get Together Dates:

« You can insert an image of your school logo in this space

« Copy and paste these **Shapes** to highlight specific days

« Make a list of important dates. Enter dates as text by entering an apostrophe before the date, like 'Aug 8

**Publishing your calendar.** If you want to publish a school calendar, you must ensure that it includes the following note and URL in the footer: Calendar Templates by Vertex42.com - <http://www.vertex42.com/calendars/school-calendar.html>

**Converting the calendar to a PDF.** To publish a school calendar on your website, you should first convert it to a PDF. The best way to do that is to print to a PDF driver. See the video demo and info on the Vertex42 website.

**View the Print Area.** To view the current print area, go to File > Print Preview then close the print preview, or go to View > Page Break Preview. The print area will then be highlighted with a dashed line. To choose a new print area, select the cells you want to include and go to File > Print Area > Set Print Area.
